Mr. Graham Milne Regional Clerk Regional Municipality of Halton 1151 Bronte Road Oakville, ON L6M 3L1

Dear Mr. Milne:

Re: Notice of Appeal

> Subsection 17(36) of the *Planning Act*, R.S.O. 1990, C. P.13 (the "Act") Glen Williams Secondary Plan Update - Official Plan Amendment No. 44 ("OPA 44") 00 Confederation Street, Halton Hills and legally described as Part of the West Half of Lot

23, Concession 10 (Esq.), in the Town of Halton Hills (the "Land")

We are counsel to 1404649 Ontario Limited., the owner of the Land.

Existing Applications

In 1983, our client submitted a Zoning By-law Amendment and Draft Plan of Subdivision applications (the "Applications") for the Land. The Municipal File Numbers are D12/Charleston Homes & 24T83008/H. A Plan of Subdivision was subsequently registered on part of our client's lands. The Applications cover the remaining lands of our client.

OPA 44 Concerns

On June 14, 2021, our client, through its land use planning consultant (Wellings Planning Consultants Inc., "Wellings") provided oral submissions at the Town of Halton Hills (the "Town") public meeting regarding OPA 44. Additionally, on October 4, 2021, Wellings provided written comments to the Town identifying concerns related to OPA 44 (the "Letter"). Notably, the Letter

was filed prior to Town Council's adoption through By-law No. 2021-0046 of OPA 44. Regrettably, the concerns raised in the Letter were not addressed by the Town. On November 8, 2021, Wellings also wrote to you regarding OPA 44 to request notice of any decisions made by the Regional Municipality of Halton (the "Region") regarding OPA 44 and enclosing the Letter as an attachment to that communication.

Our client continues to have concerns with OPA 44, more specifically, its impact on the existing Applications which were previously filed and are currently before the Tribunal for adjudication. Notwithstanding these concerns we are of the view that the Applications nevertheless implement the vision, goals, and objectives of OPA 44. As a result, and out of an abundance of caution, our client appeals the Region's decision to approve OPA 44 in its entirety, as it applies to the Land, pursuant to ss. 17(36) of the *Act*.

Reasons for this Appeal

The reasons for this appeal include the following:

- The Applications would permit a development on the Land which represents good land use planning, is appropriate and in the public interest. OPA 44 as adopted may undermine the advancement of same;
- 2. The Hamlet Buffer policies contained in OPA 44 are not justified or based on land use planning merit. The location, size and ownership of the buffers should be science based and determined through detailed analysis undertaken during the development approval stage *i.e.* the Applications;
- The lack of transitional provisions contained in OPA 44 fail to recognize or acknowledge the Applications which were previously filed;
- OPA 44, as adopted by the Region, will subvert the advancement of the Applications which:
 - Have regard for matters of Provincial interest as set out in section 2 of the Act;
 and,
 - Have regard for the Provincial Policy Statement, 1997
 as required given the Applications were filed in 1983.
- Such further and other reasons as counsel provides and the Tribunal permits.

Enclosed with the delivered copy of this Notice of Appeal are the following documents:

 One (1) completed Tribunal appeal form (A1) together with a Certificate of Status for our client; and Our firm cheque in the amount of \$1,100.00, payable to the Minister of Finance, representing the filing fee associated with the processing of this appeal.

Kindly confirm receipt of this Notice of Appeal.

Yours truly,

Arnold, Foster LP

Herbert T. Arnold
